Of all people, you should know this well Trevor, coming from the Bay of Plenty of Spirit. Why is there a dark, oppressive, spirit over both Napier and Tokoroa? – I know New Zealand better than most kiwis, and far more than a mick leprechaun! Darkness does not reign in Tauranga because of Des Short and Andrew Kulasingham, not over Taupo because of Locky, etc... – I know all these places well enough! Why is it, the two individuals with the so-called spiritual authority over the dark places, are mammonites and have scandal associated with their names while in ministry? What happened to being a light to the world? How do you expect these places to manifest the Kingdom of Heaven, hold corrupt politicians accountable and grow in the knowledge of God, if the Pentecostal ministers are living in darkness? Pastors of the Elim movement in these places grieve the Spirit and dare I suggest, others under the same banner too.

Is this what Elim NZ has become? A filthy den of devils, a synagogue of snakes, wolves in shepherd's clothing? Why hasn't Elim's so-called "leadership team" held these parasitical pulpit pimps accountable? Why haven't they been replaced with more appropriate character?

Where is justice Treovr? Without justice you will have no peace. How much more evidence do we need to provide?
